INSURANCE MAN IS IN TROUBLE

**James W. Roberts Arrested
Today Charged With
Grand Larceny**

**Warrant Sworn Out by Frank
Neukam, Who Claims to
Have Been Swindled**

James W. Roberts, of Indianapolis, who for the past four months, has been stopping at the Windsor hotel and soliciting insurance in this city, was arrested shortly after 2 o'clock this afternoon on the sidewalk in front of the Rush County National bank, by Sheriff King, on a charge of grand larceny, preferred by Frank Neukam.

Roberts claims to represent the Indiana Mutual Life Insurance company of Indianapolis, and had papers belonging to that company in his possession. Early in August he wrote a policy for Mr. Neukam, accepting the latter's check for the first payment of \$103.

August 14th, he cashed the check at the Rush County National Bank. Mr. Neukam says that he told him that the policy would arrive shortly. So far the policy has failed to arrive.

Mr. Neukam grew uneasy at the failure of the policy to arrive, and investigated the matter. He wrote to the company and was informed by a Miss Smith, correspondent for the company, that Roberts was not an authorized agent for the company. Roberts, it is said, promised Neukam that the policy would arrive tonight or Monday morning.

Roberts was taken before Judge Sparks this afternoon and placed under \$1000 bond. At 3 o'clock he had failed to find a bondsman. When seen this afternoon, Mr. Roberts discussed his arrest very calmly. He declares that there is nothing in the trouble and that everything will turn out as he says.

"I was informed by the company," said Mr. Roberts, "that the policy has been issued. I don't know why the policy has failed to arrive. That is the company's fault not mine. I have written policies for Leonard Wewee and J. D. Case. Mr. Wewee's policy has not arrived, and Mr. Case has loaned me his policy and I have carried it with me. Mr. Neukam has no cause to be scared. When I see him and explain matters I think everything will be all right. As for Miss Smith, she is but a correspondent for the company and has been with it but a short time. She knows nothing about my account whatever. Mr. Leslie, general manager of the company is away. Had he been in the office and been asked about the matter, I am sure that this thing would never have happened."

At 3 o'clock Mr. Roberts was at Deputy Prosecutor Kiplinger's office trying to get Mr. Leslie by phone. When seen regarding his policy, Mr. Wewee said that he was not worried in the least and believed that his policy would arrive shortly.

Mr. Roberts claims that he is allowed sixty days by the company after the policy is sold, in which to turn in the money. The company has informed the local authorities here that no money for the Neukam policy has been turned in.

Mr. Roberts is well known in this city. During his four months' residence here he has made many friends, who were astounded to learn of his arrest. He is a man about five feet four inches in height, about 45 years of age, dresses neatly and has the air of a thorough business man. He is dark complexioned, wears a short dark gray mustache, and has blue eyes. His hair is streaked with gray.

AGRICULTURIST INSPECTS FARMS

**Government Official Comments
Favorably On Rush County
Farms.**

Fred G. Allison, of the United States Department of Agriculture, Washington, D. C., was here Thursday, visiting T. A. Coleman and inspecting some of the best farms in Rush county and investigating the methods employed by various farmers in rotating their crops, cultivating and harvesting them, the care of the stock and the conveniences found about the farm buildings.

Mr. Allison is scientific assistant in the Bureau of Plant Industry, and is one of the men who has charge of the farm management investigations now being made by the Agricultural Department with a view toward gathering the observations together and putting them in suitable form for the benefit of the farmers of the country. Mr. Allison was favorably impressed with the farms he visited in this county.

"There is one thing about the farmers here," said Mr. Allison, "and that is, they are doing something. The uniformity of their work is remarkable. So many places where I go, one farmer is doing something for his land and his neighbor is doing nothing. The farmers of Rush county all seem to be imbued with a spirit of thrift and enterprise and are all working to keep their farms up to the standard."

WATSON AND HEMENWAY

**With Others at Brookville To-
day—Franklin Co. Demo-
crats Demoralized.**

Congressman Watson and guest, Senator James A. Hemenway, of Boonville, with District Chairman Owen L. Carr and County Chairman Charles A. Frazee, left this morning in Mr. Carr's automobile for Brookville to attend the Franklin county convention held there today. Hon. Ed. Fitzpatrick, of Portland, Republican nominee for clerk of the supreme court, Senator Hemenway and Congressman Watson are on the program for addresses.

Democrats in Franklin county are sadly demoralized this year. The Secestr faction which is very strong is bitterly opposing the "ring" crowd. The Rushville Republicans will assist the Franklin county Republicans in getting started right in their "cleaning" at the court house. From 6 to 9 p. m. this evening, Messrs. Hemenway and Watson will be tendered a reception at the McFarlan hotel in Connerville.

C. H. & D. TRAIN "SIDE SWIPED"

**Wrecked Train Passed Through
This City Early this
Morning.**

West bound passenger train No. 32 on the C. H. & D., due here at 5:30 a. m., passed through here this morning in rather a dilapidated condition. At Ivorydale, near Cincinnati, a freight train came down a switch and "side-swiped" the engine drawing the passenger, tearing away part of the cab, and damaging two coaches. The train, however, remained on the rails and continued its run to Indianapolis. It passed through here 1 hour and 10 minutes late. The engineer of the passenger is reported to have been painfully injured.

EVANGELISTS IN THE CITY

**Christian Union Representatives
Will Hold Services on Street
Corners.**

Mrs. J. A. Howell, superintendent, Mrs. E. Lock, secretary, and J. N. Richmond, evangelist, of the Evangel Messenger of the Christian Union, arrived in this city last night, from Indianapolis, and will conduct services on the streets for several days. The first services were held at 3 o'clock this afternoon. Services will be held at 7:30 again tonight.

REUNION OF OLD IND. REGIMENT

**Will Be Held Next week at
the State House, India-
napolis**

The sixteenth annual reunion of the One-hundred-and-twenty-third Regiment of Indiana Volunteer Infantry will be held in Room 12, State House at Indianapolis, on Tuesday and Wednesday, September 11th and 12th. The officers of the regiment are: Mayor Irwin Robbins, Indianapolis, president; Benjamin E. Jearl, Indianapolis, first vice president; William M. Bruner, Greensburg, second vice president; James M. Youmans, Clinton, third vice president; William S. Kaler, Glenwood, secretary and treasurer; the Rev. Jesse Miller, Connerville, chaplain. The following committee on arrangement has been appointed: Wilbur F. Hitt, Junius B. Cravens, Benjamin B. Jearls, Moses A. Sisco, and John W. Elstun. The first day of the reunion will be devoted to visiting with comrades and attending the State fair. A campfire will be held in the evening. Wednesday morning the business meeting will be held in the State House. A large number of Rush county men belonged to this regiment and will attend the reunion. The reunion was held at the court house in this city last year.

MAY GET ANOTHER CITY MAIL CARRIER

**Post Master McFarlan Still Try-
ing to Relieve The Situa-
tion Here.**

Postmaster Ben L. McFarlan is still trying to get an additional mail carrier for this city and the chances are that his efforts will prove successful. At least the prospects look brighter at the present time. This week the postoffice department sent for the time records showing the time the carriers put in each day. The sheets showed that each day the carriers have been putting in the full eight hours and then often failed to complete their routes during the afternoon delivery. The fact that the departments inspecting the time record, is considered a favorable circumstance toward getting another carrier. An additional man is badly needed in Rushville, for all the carriers are overworked.

John Rhodes, of Greensburg, won a race with his mare Nellie in straight heats at Shelbyville Friday.

The well-authenticated story goes that at a dinner party the other night, after the ladies returned to the drawing-room, the hostess, her broad expanse tinkling with diamonds, leaned back in a great tufted chair and shivered slightly. A footman went in search of the lady's maid. "Francoise," said the magnate's lady, with languid indifference, "I feel chilly; bring me another diamond necklace."

IS WATCHED VERY CLOSELY

**There is Some Thought that
Stensland's Depression of
Spirits is Assured**

**Fugitive Banker Has Been
Relinquished by Moroccan
Authorities.**

Washington, Sept. 8.—A dispatch received at the state department from Mr. Gummere, American minister to Morocco, conveys the information that Paul G. Stensland of the Milwaukee Avenue State bank of Chicago, has been turned over to Managing Editor Keely of the Chicago Tribune and Assistant State's Attorney Olson of Illinois, who apprehended the fugitive banker at Tangier.

Messrs. Keely and Olson will be held responsible henceforth for the safeguarding of the prisoner. They will be permitted to make their own arrangements for the return of Stensland, and it is said they have under consideration a merchant vessel, the name of which has not been divulged. The naval refrigerating ship Glacier, now enroute home from Manila, is the only government vessel available, and she will not reach Tangier for at least three weeks.

From the attitude of certain officials of the state department it is believed that dispatches have been received which have made the Illinois authorities very uneasy concerning Stensland's future conduct. It is said that apparently he suffers great remorse and consequently the fear is entertained that he may attempt suicide. On the other hand there is some fear that Stensland's depression of spirits is assumed, and that he may have in contemplation a possible method of escape. It is understood here that since his arrest he has not been left alone for a moment, and that this watchfulness will be maintained on the journey home.

HUNTING HOMES FOR CHILDREN

**Miss Margaret Gray, of Indianap-
olis, Here in Interests of
Children's Home Society.**

Miss Margaret J. Gray, representing the Indiana Children's Home Society, is in the city in the interests of the society. She is looking up homes for children now in the society's care. One of these is a bright-eyed baby boy eighteen months old, whom the society desires to place in a good home.

"The people of Rushville," said Miss Gray today, "are very generous. We have fair prospects for finding homes for children here. The society has placed over one thousand children in homes during the thirteen years of its existence, and is doing much good. The society looks after each child after it is placed in the home until it becomes of age, unless it is legally adopted."

Miss Gray delivered an interesting talk at the U. P. church Thursday evening on the work of the society. Rev. D. K. Lucas, of Indianapolis, well known here, is president of the organization.

IS PLANTING BY MOON SCHEDULE A SUPERSTITION

At a Farmers' Institute the other day somebody asked Mr. Terry, the Ohio potato expert, whether it was necessary "to plant potatoes with reference to the moon." Mr. Terry brought down the house by replying dryly that he thought it was important to plant potatoes in the light of the moon, because the planter "could see so much better how to do the work!"

WILL PLAY A DOUBLE HEADER

**Appolos to Play at Anderson-
ville Sunday—The Line
up.**

The Rushville Appolos will play two games of base ball at Andersonville, Sunday with the team representing that village. Walter Combs will pitch the morning game and Herman Tompkins the afternoon game. The players will report at Caldwell's barn at 8:30 a. m. The local team will line up as follows: W. Combs and Tompkins, p; W. Combs, c; Casady, 1b; Stiers, 2b; Dillon, ss; Boyd, 3b; O'Neil, lf; Demmer cf; Cauley rf.

SMOKER FOR SEN. HEMENWAY

**Claude Cambern Entertains In-
formally at His Elegant
Home.**

Claude Cambern, the well known and popular attorney, gave a smoker last night at his elegant home on North Main street, in honor of Senator J. A. Hemenway, of Boonville, who was the guest of Congressman Watson over night. Music was furnished by Dr. J. C. Sexton. The following were present besides Messrs. Hemenway, Watson and Cambern: F. A. Capp, George H. Havens, Sheriff William L. King, Col. J. M. Hildreth, Judge Will M. Sparks, Rev. V. W. Tevis, Will Havens, Frank Wilson, Fred R. Beale, Dr. F. M. Sparks, Ab. Denning, Earl H. Payne, John M. Stevens, Thomas A. Coleman, Postmaster Ben L. McFarlan, Will M. Frazee, Edward Crosby, Councilman Frank S. Reynolds, County Treasurer John C. Blackledge, J. H. Frazee, Mayor Harvey Cowing, Councilman John P. Frazee, John F. Moses, Thomas M. Green, Will M. Bliss, Ernest B. Thomas, John A. Tittsworth, District Chairman Owen L. Carr, Earl Churchill, John K. Gowdy, Ex-U. S. Consul General to Paris, France, A. L. Riggs, Dr. J. C. Sexton, Dr. F. G. Hackleman, County Chairman Charles A. Frazee, Hill Vance, Deputy Postmaster Guy Abercrombie, R. F. Scudder, Deputy County Treasurer Alvan Moor, Melvin Moor, Clifford S. Lee, and George B. Lockwood, of Indianapolis, publicity agent for the Indiana Republican Central Committee, Union B. Hunt, President of the State Railroad Commission, was expected to attend, but was unable to attend.

After the smoker, Congressman Watson and Senator Hemenway called at the Kappa Kappa Kappa dance in the Woodmen's hall. Senator Hemenway, while in the city, expressed a desire to meet as many of our citizens as possible and he was taken in tow by Fred A. Capp, who perhaps knows more people than any other one person in the county, and who showed him about the city.

NEW REVENUE LAW IS NOW IN EFFECT

Few merchants are aware of a new law which went into effect in August. Heretofore it has been customary to scratch the stamp on a cigar box, and if so desired give the box away, or do with it as he should see fit, so long as the stamp was destroyed. But this is no longer the case. The merchant or dealer must destroy the box immediately after the cigars are gone. He must at once remove the box from the case and break it up. The law may sound a little queer, but be sure that it is heeded or you will be caught before you know it.

BIG FOUR FIGHTS TRACTION LINE

**Attempt Made to Prevent Laying
of I. & C. Crossing in
Greensburg.**

Before a large crowd of Greensburg citizens, enthusiastic to see the Greensburg extension of the I. & C. traction line completed, the company's men, some forty in number, Friday completed the work of laying the steel across the Big Four tracks.

When the traction people came to the railroad tracks the Big Four people immediately ran a couple of large engines across the street and success fully stopped further progress by the traction company.

The order came to Greensburg for this to be done by Supt. S. T. Blizzard, of the Michigan division, and the blockade was intermittently kept up by the company until word was received from W. A. VanWinkle, general superintendent of the Big Four, for the company to remove the engines and allow the traction people to cross, as the two had entered into such an agreement some time previous.

Accordingly the men set to work at an early hour and by evening the work of laying the crossings was almost completed.

BOYD WINS WITH JERSEY CATTLE

**Captured Nearly Everything in
Sight at Shelbyville—Goes
to State Fair.**

John F. Boyd, of Circleville, is highly pleased over the success of his herd of cattle at the Shelby county fair this year. Mr. Boyd fell into the hottest kind of competition there, showing against three other Jersey herds, one of which was owned by Riley Zike, of Morristown. Notwithstanding this kind of competition, Mr. Boyd won nearly everything in sight. He secured ten first premiums and three second, and came within six dollars of getting all the money. He missed but one first premium.

Mr. Boyd's herd is reputed to be one of the best in the State. His cattle left Shelbyville last night for Indianapolis, where they will be shown at the State fair next week.

THANK CITIZENS FOR THE MONEY

**Receipt for the Money Sent to
San Francisco is Re-
ceived Here**

Hargrove & Mullin, who forwarded the money raised by Rushville people for the San Francisco sufferers last spring, have received a receipt for the full \$21,20 collected in this city, from James D. Phelan, Chairman of the Financial Committee of the Relief and Red Cross Association of San Francisco.

Mr. Phelan in his letter acknowledging the receipt of the money, says: "Please accept and convey to all interested our appreciation of their generosity."

The receipt was dated May 5th, but was not received here until this week.

The county commissioners were in session today.

A cavalry authority in Belgium estimates that there are more than 80,000,000 horses in the world. There are 22,000,000 in Russia, while Germany and Austria-Hungary each has more than the British isles, where it is reckoned there are about 8,000,000.

COMING BACK BY THIS CITY

**Ft. Thomas Soldiers Will
Again Be Seen in
Rushville**

**Command Left Ft. Harrison To-
day—Will Arrive Here Mon-
day or Tuesday.**

As Major Tillson predicted to a representative of this paper some time ago, the Third Battalion of the Fourth U. S. Infantry, which passed through here on its way to Ft. Harrison in July, will again be seen here.

The Third Battalion broke camp at Indianapolis today and will reach Julietta tonight. It is then but a day's march to Morristown and another day's march to this city. The command, therefore, is expected to reach this city, Monday about 11 a. m. It will camp here over night as before.

Bivouacking by the roadside, proceeding by easy stages, the distance from Ft. Harrison to Ft. Thomas, will be traversed in nine days, if weather conditions are favorable. The route chosen for the trip is practically the same as the one that led to the camp. Towns will be reached in the following order, each city representing a day's hike: Rushville, Andersonville, Medora, Brookville, Harrison, O. Cheviot and Ft. Thomas.

The progress of the march will be reported each day to Gen. Carter at Ft. Harrison. The order is to the effect that Maj. Tillson shall keep in close touch with headquarters until the end of the journey.

Last night Maj. Tillson was serenaded by regimental bands and congratulated until a late hour upon the successful termination of the work at Ft. Harrison. The Major is one of the best-liked officers at that camp. The announcement of the order to move was greeted with cheers by the men who are on edge to get back home for target practice. The Third Battalion was the first to arrive at Ft. Harrison, having come ten days in advance of the other troops.

LOCAL BREVITIES

Mrs. Bessie Norris, wife of Verne Norris, has been made party plaintiff in the case of Alfred Kendall vs. her father, Marcus Kendall to set aside a deed. Alfred Kendall has deeded his property to Mrs. Norris.

Lieut. Bailey of the Fourth Infantry, is in the city, making arrangements for the camp to be established by the troops upon their arrival here Monday. The soldiers will camp west of the L. E. & W. depot. Lieut. Bailey's horse is ill at Morristown, and he may be compelled to "hike" to Ft. Thomas from here himself.

Mr. and Mrs. Alfred Swain visited relatives in the Sumner neighborhood Friday.

Will Cowan has accepted a position with the Indiana Trust Company at Indianapolis, and will leave Monday for that place. Mr. Cowan has been the bookkeeper for Innis & Pearce, and is a citizen, whom Rushville regrets to lose.

Postmaster McFarlan attended the fair at Shelbyville yesterday.

Walter E. Frazee has gone to Indianapolis to assist in one of the halls where exhibits will be made at the State fair.

The county council was in session today.

Judge Sparks was busy in court today acting on reports connected with probate business.

Mrs. George Smith and daughter Iva, of near Irvington and Mrs. Phoebe Folger and Mary Riggs, of near Sunman have returned home after a visit with Mr. and Mrs. Alfred Swain.

One lock in the Panama canal will require over 90,000 car loads of cement. But the age of cement has arrived, and it is an article that stays put.

William J. Bryan is now in the full tide of a financial prosperity. All of his ventures are flourishing, thanks to the Republican times. At New York Mr. Bryan was asked to turn his back upon a kindly fate and to kill the geese which are laying his golden eggs. Mr. Bryan has shrewdly disappointed them. He is standing by his bank book, and has become conservative to the point of conserving his own interest. The foundation of all the wealth which has come to Mr. Bryan in the past decade is radicalism. Radicalism is the rock on which Mr. Bryan has built his fortunes. Under the beneficence of the gold standard he has grown rich in crying aloud for silver. Under a protective tariff which has diffused a more universal prosperity than ever before attained in any country, he has been insisting on a revision of the schedules. He has preached doctrines looking toward populism in money and a modified socialism in ownership of public utilities. And all they who are weary and have come unto him for rest have supported him with the ardor of apostles. He has waxed fat under the drippings of their sanctuaries.

Each year in the United States nearly a million men attain the right to vote. The great majority of these first voters are young men who have reached their majority. This element in elections is scarcely given the weight to which it is entitled. In fact, few realize that in each presidential year at least 20 percent of the vote is from this class. In the closely contested elections of 1896, which brought out a total vote of about 14,000,000, more than 3,000,000 were cast by men who had never appeared at the polls in a national election. It seems but a short time since the election of 1904, but in the choice of congress this fall over 1,500,000 first voters will be qualified to participate. Outside of naturalizations this vast number is composed of young men who will have passed the age of 21 between November, 1904, and November, 1906. It is the most interesting and potential of all additions to the electorate. These young men are entering upon much more than their political duties. Their social and business careers are in the formative stage. They should grasp the value of the ballot of young Americans. Their heritage is the United States, for upon them must fall the responsibilities in the course of the next quarter of a century.

PROHIBITIONISTS NOT IDLE

Active Campaign Is Being Made by the Water Wagon Advocates.

Indianapolis, Ind., September 8.—While the Republicans and Democrats have been busy the prohibitionists have not been idle. Charles M. Lemon, an Indianapolis banker who is the candidate of his party for treasurer of state, has just returned after a few days spent in Howard and Grant counties. He expects to leave again in a few days for other parts of the state and is to make an active campaign through Indiana. The other candidates on his ticket he says will do the same. The prospects for a big vote are brighter, he believes, than they have been for a long time. "We had a big meeting in Kokomo," said he. "There were at least 2,000 people there. The meeting was held out of doors and everyone present seemed to be enthusiastic. Big meetings were held in other towns that we visited. In Marion there was a large attendance and at Upland we had a crowded theater." The prohibitionists intend to make a more than usually active campaign this year. They feel that the time has come when they ought to impress the people with the necessity of voting the prohibition ticket if they want to fight the liquor traffic.

Congressman Fred Landis of the Eleventh district will attend a meeting of the Republican precinct committeemen and party workers of Grant county at Marion tonight. State Chairman James P. Goodrich will also be there, but the state chairman will not be the main figure. Mr. Landis will occupy the center of the stage. His address to the Grant county workers will be heard with the closest attention, for he is booked to explain some things that went to make memorable his recent race for a third nomination. The opening of the campaign with a smoker and a social chat has been done expressly for the sake of

CONGRESSMAN FREDERICK LANDIS OF INDIANA.

Inducing harmony. There is bitterness among the workers in Grant county. Too many friendly promises of postoffices when there were not enough postoffices to go round, and a charge of county disloyalty, in that Marion Evans of Marion, district chairman, supported Landis instead of George W. Steele, the county's candidate for the congressional nomination are the cause. The Democratic congressional nominee, George W. Rauch, is a Grant county man, and there have been threats of a very much scratched-up vote. Friends of Landis, it is said, promised the postoffice at Fairmount no less than four men. State Senator C. C. Lyons drew the prize and is drawing the salary. Jessup Wilson, whose family connection proved good for 100 votes for Landis delegates; John Chamberlain, a glass worker, who turned over the vote in the glass factory for the same result, and John Jones, who is a prize winner at getting out the vote and also worked for the Landis cause, are the three disappointed seekers for the postoffice. They all were promised that they would be the lucky ones, but Mr. Lyons is the only one who really arrived. Jones hustled for Landis, and as a consequence lost his job as a rural carrier because of "pernicious activity." The three disappointed ones are not in the best of humor. They threaten dire things in Fairmount township, and they will occupy front seats at the smoker to drink in the words of the Loganport congressman. Mr. Landis does not, it is intimated, anticipate a pleasant half hour. But he will face the music. To make the meeting more pleasant the friends of the several physicians who have been dismissed from the pension board, and the friends of the physicians who wanted to land but who are still longing to serve their country, will be on hand to greet Mr. Landis.

The attorney general has not been invited by County Prosecutor Charles P. Benedict to assist in the trial of Willard S. Wickard, under indictment for conspiring with David E. Sherrick, former auditor of state, to commit a felony by embezzling the funds of the state. In the trial of Mr. Sherrick the office of the attorney general did a large share of the work. The case of Wickard has been set for Sept. 24. Mr. Benedict is preparing for the trial of the case and has not extended any invitation to the attorney general to assist.

An Aged Offender.
Richmond, Ind., September 8.—Matt Shockley, who a few days ago was sentenced to prison upon being convicted of horse stealing in Randolph county, is one of the unique figures in Indiana criminal annals. Shockley is now seventy years old, and he has spent more than half his life behind prison bars.

THE STATE OF TRADE

Bradstreet's Sees Nothing but Continued Prosperity Ahead.

New York, Sept. 8.—Bradstreet's weekly review of trade today says: Trade and industry display more snap; sales, shipments and outputs increase as cooler weather sets a period to the vacation season and fall activities become more pronounced. State fairs, special trade displays and low rate excursions help to attract buyers, who reflect confidence born of good crop returns and faith in a heavy future trade. Jobbers and wholesalers report business active, buying free and shipments taxing facilities. Railroads return the same report as to business offering, and there are rather more evidences of strain to operating facilities by the heavy movements of crops, merchandise and fuel. Crop reports, though more variable, are in the main favorable. The essential soundness of mercantile affairs is evidenced by the August failure total being the lightest in any month for seven years, though individual examples of financial dishonesty swell liabilities of insolvent concerns.

Joker Gave Them a Scare.
Paris, Sept. 8.—The discovery of a wooden box with a protruding fuse in the garden of the village of Grand Duke Paul Alexandrovich in St. Cloud created a sensation. SULLIVAN TALKS BACK

He Proposes to Bryan That the Latter Make Good or Retire.

New York, Sept. 8.—Roger C. Sullivan, member from Illinois of the Democratic national committee, has issued a lengthy statement in which he replies to the recent attacks made upon him by Mr. Bryan.

After reviewing the differences which have led to the discussion, Mr. Sullivan says: "Therefore I propose that Mr. Bryan and I put the issue as between us up to the men who sat as delegates in the Springfield convention of two years ago. Those delegates are still living in Illinois, they can all be found. Mr. Bryan said that a majority of them were opposed to me for national committeeman; he has said that he had at St. Louis letters from more than half of those delegates in which they repudiated the action of the convention which resulted in my becoming national committeeman. Let us poll those delegates. Let us have this poll made under the direction of the chief justice of the supreme court of Illinois. If the majority of those delegates will support Mr. Bryan's present contention and will say that I was elected to the national committee by fraud, then I will resign from the national committee. On the other hand—and this I intend is but a fair proposition—if the majority of those delegates of two years ago do not support Mr. Bryan's allegation of fraud, then I will insist that Mr. Bryan shall announce that he will no longer be a candidate for the presidency at the hands of the Democratic party. The American people believe in fair play. Call the roll."

THRILLING EXPERIENCE

In Peril of Her Own Life, Aeronaut Saved Life of Another.

Libertyville, Ill., Sept. 8.—In the presence of 7,000 spectators here Friday afternoon Mary Z. Keyes of Chicago, a woman aeronaut, fell 500 feet from a balloon in which she had ascended, and but for her presence of mind in clinging to a parachute which failed to open, would have lost her life. As it was she sprained both of her ankles and was otherwise bruised. During the ascension Miss Keyes saved the life of a negro attendant who became entangled in the cordage and was carried forty feet in the air head downward. The aeronaut released some of the gas in the balloon and landed him in safety. Her own escape physicians regarded as little short of miraculous.

Probable Suicide Pact.

Wichita, Kan., Sept. 8.—Miss Dora Bright, aged eighteen, of Foster, Mo., who shot and killed herself in an apartment house several days ago, left a note which directed that her body and that of Ray Stevens, of Schell City, Mo., should be buried side by side. On the theory that a suicide pact existed between the couple, the county attorney has sworn out an information against Stevens charging murder in the first degree. Stevens is thirty-two years old.

Laborer Boiled to Death.

Detroit, Mich., Sept. 8.—John Mielke, laborer at the plant of the Railway Steel company, is dead after having been parboiled in a pit of hot water. Mielke's shoes had become greasy from walking about the engine room, and as he was passing the pit which received the boiling water from the cylinders of the engine, he slipped and fell into the scalding liquid. He was parboiled from head to foot and for five hours suffered most intense agony.

He Let the Lid Tilt.

Memphis, Tenn., Sept. 8.—Police Commissioner H. T. Bruce of this city has been indicted by the Shelby county grand jury on the charge of nonfeasance in office in permitting his sales stables to be used as a passageway to a saloon, whose proprietor had been indicted for keeping open Sunday. The closing of saloons on Sunday is a state law. Mr. Bruce was recently elected to the office he holds on a reform movement ticket.

AT PEACE AGAIN

Kokomo City Court and Police Commissioners Patch It Up.

BOYCOTT IS AT AN END

Two Months Ago the Police Board Put the Pressure on the Court of City Judge Cooper.

A Conciliatory Note From the Mayor Has Brought About a Most Harmonious Relation

Kokomo, Ind., Sept. 8.—Judge Cooper of the city court, addressed a letter to the board of metropolitan police commissioners, expressing a desire for a reconciliation, and the board fixed a meeting for next Monday to adjust differences, pending which the police will again file cases in the city court. It is practically settled that the long and bitter controversy will now end, the parties having found ground upon which they can settle their differences without a mediator. Both flatly rejected the offer of Mayor Prouse and Prosecutor Vorhis to use their good offices in effecting a reconciliation. The police commissioners imposed a boycott on Judge Cooper two months ago, when the court rendered a decision in which he sharply criticised the methods and policy of the board. Since then the judge has not been permitted to try a case.

MURDER IN A SALOON

Samuel Augsberger Killed for Failing to Pay for Drinks.

Fort Wayne, Ind., Sept. 8.—Charles Laughlin, twenty-five years old, was arraigned in the city court for murder, and his trial was continued. The dead man is Samuel Augsberger. Thursday night, while in Kennedy's saloon, Augsberger refused to pay for a round of drinks, and this led to trouble between himself and Laughlin, during which Laughlin picked up a billiard cue and struck Augsberger on the head, fracturing the skull. It is alleged that Augsberger, whose reputation was none of the best, was permitted to lie for three hours without surgical attention. He died in the hospital.

Suicide of Aged Woman.

Russellville, Ind., Sept. 8.—The body of Mrs. Rebecca Wilson, the aged woman who disappeared from home several days ago under circumstances suggesting suicide, was found in Racoon creek, two miles distant. It was supposed that she had drowned herself in a large quarry pond, and three days were spent in pumping out the water, hopeful of recovering the body. When the body was lifted to the surface of the creek it was found that she had weighted her clothes by tying stones to it. Mrs. Wilson was seventy-six years old and well-to-do financially, but she was troubled with cancer, and this depressed her spirits.

Thieves Apply the Torch.

Fayetteville, Ind., Sept. 8.—Burglars robbed the general store of Fernando DeFork, at Dark Hollow, a quarry town, and then set the premises on fire, consuming what was left. The total loss will reach \$2,000, of which \$1,000 was in new goods received the day before. There is no insurance. The burglars are believed to have escaped with considerable booty. The Springfield bloodhounds were taken to Dark Hollow, but without results. Mrs. Alice Ridge, owner of the building, reports a loss of \$1,000.

Aged Woman Burned to Death.

Richmond, Ind., Sept. 8.—Mrs. Sarah A. Dempsey, seventy-six years old and widely known, was burned to death. While she was engaged in ironing a gasoline stove exploded and her clothing was enveloped in blazing oil. Before assistance reached her she had been so badly burned that death resulted in a few minutes. Mrs. Dempsey had lived in Richmond more than a half century.

Tried to Lighten His Load.

Richmond, Ind., September 8.—Will Young, a rural mail carrier out of this city, is under arrest for alleged interference with the mails. It is charged that he threw a bundle of newspapers in a scrap basket at the postoffice, in order to evade delivering them. He was taken to Muncie for arraignment before a United States commissioner.

An Indiana Earthquake.

Princeton, Ind., Sept. 8.—A distinct earthquake shock was felt here at 10:33 o'clock Friday morning. Houses rocked and dishes rattled on their shelves. The shock lasted for two or three seconds and was felt in towns and cities within fifty miles of Princeton. The shock was preceded by a loud rumbling noise.

To Build Village for Epileptics.

Indianapolis, Sept. 8.—David Eshelman & Son, of Anderson, got the contract for the construction of two buildings for the Indiana village for epileptics. One of the buildings is to be a dormitory, to accommodate fifty patients, and the other is to be a house for the superintendent's residence. The Eshelman bid was \$14,195.

FLOWER PLANT RETARDATION

A New Marvel by Which Flowers are Produced Months After the Season.

Never before in the history of the world have such striking advances been made in the realms of horticulture as has been the case during the last twenty years. Step by step, patient investigation and skillful experiment have removed those difficulties and deficiencies of which the old-time gardener was so painfully conscious.

The demand for flowers at all seasons of the year has sharpened the ingenuity of the gardener, and he has constructed hot houses to facilitate the growth of flowers "in advance of the season. But the latest innovation is a system of plant retardation by cold, and for this purpose a cold storage building is used. In the future, a florist will need a cold storage plant besides his hot houses in order to have a complete establishment and be fitted for all emergencies.

Lillies of the Valley, Azaleas, Epiphyllums and other flowers may be had weeks and months after they are out of season. In these cold storage buildings the different varieties of flower plants are kept in a dormant condition, sleeping away their time entirely unconscious of the changing seasons of the outside world. Retarded plants may be kept in check for eight months or at times as long as a year, and curiously enough they do not seem to be any the worse for the treatment.

When the lily roots come out of the cold storage building, they must be well thawed before being placed in warm situations, and in fourteen days afterwards, without any forcing, they are in bloom.

There is no doubt that plant retardation has a great future before it. As the system extends, the gardener will be able to turn the seasons topsy-turvy and produce flowering plants at any time of the year. Were it possible to apply this method to fruit trees, it is obvious that a tremendous step would have been taken.

NEW ALIEN LAW IS NOW IN FORCE

It is Not Now so Easy to Become a Citizen of America

Since the Aliens act, passed by the last Congress, became operative in September 1st, it is not such an easy matter for a foreigner to become an American citizen.

The season for many naturalizations is approaching on account of the coming election, and Circuit Clerk W. A. Posey, who officiates at the naturalizations will have charge of the new regulations here.

For many years aliens were naturalized in the county courts, but since the new law took effect all papers must be taken out in either the circuit court or the United States courts.

The new law requires that the applicant for citizenship be able to speak the English language, have some knowledge of the American system of government, and have resided a certain number of years in this country, and that notice of his intention to become a citizen be posted in the clerk's office. There are other requirements, but those mentioned are the principal ones.

A representative of the government will see to it that no deception is practiced by the applicants. In case of doubt concerning length of time he had lived in America, the applicant will be required to furnish the clerk with the exact date on which he arrived in this country, name of ship on which he came, and such other information as the government's representative may deem necessary. Congress man Watson is the author some of the provision in the act and its passage was due largely to his efforts.

TO TIDE OVER PANICS

Treasurer Treat Would Accept Commercial Paper Properly Indorsed.

Atlantic City, N. J., Sept. 8.—United States Treasurer Charles M. Treat was the principal speaker before the annual banquet of the American Institute of Bank Clerks here last night. He advocated a radical change in the system of government credits as a remedy for periodical financial stringency. His idea included acceptance by the government of commercial papers with clearing house endorsement as a basis for loans of currency to tide over panics.

Jesuit Election Today.

Rome, Sept. 8.—Although the Quadrivium of the Congregation of the Company of Jesus preparatory to the election of a general of the order in succession to the late Father Martin closed yesterday, the delegates remain in seclusion. The election will occur today. The latest reports seem to indicate that the choice for general will fall upon Father Rudolph J. Mayer of St. Louis.

A good sized audience attended the presentation of "How Hopper was Side-tracked" last night at the city opera house. The piece was well acted the scenery is good and the plot well written. The audience was entirely pleased with the performance.

"LE TABAC EST L'AMI DE L'HOMME."

French Proverb that Proves Itself True in Rushville

There is a French proverb, "Tobacco is the friend of man," that is more true than the average. Man is the only being that smokes. Monkeys have imitated man in all other ways, even acquiring a fondness for liquors, but they never could be taught smoking. Smoking is a distinctly masculine pleasure, and when man has a good cigar like Wadsworth Bros' Chicos in his mouth, he is care free and ready for any trouble. Thos. W. Lytle, the local agent for Chicos, says that many of his lawyer customers will not take a difficult case until they have a box of Chicos at hand. From pure enjoyment any lover of a good cigar can be no more perfectly satisfied than with a Wadsworth Bros' Chico.

Go to Thos. W. Lytle's Drug Store today and select one of these Havana filled cigars. The price, 5c. straight, will not frighten you.

Miss Wisdom, of St. Louis will open a private class in shorthand and typewriting Monday. The young people of Rushville should take advantage of this opportunity.

Shelbyville Democrat: W. E. Major, formerly of this county, was a visitor at the fair Friday. Mr. Major has been honored by being elected trustee of Orange township.

Greenfield Star: Charlie Gray, who some time ago purchased the farm of the estate of the late Wm. W. Boyd, northeast of this city, has moved from Rush county to the farm.

Connersville News: Rev. Robert Cook and wife, of Glenwood, attended the fair and were entertained Thursday by C. E. Thompson and wife. Mr. Cook is pastor of the United Presbyterian church at Glenwood.

Shelbyville Democrat: Joseph Dickman and wife, of Rushville, will return home Friday evening after a few days' visit with relatives in this city. —T. W. Lytle, wife and son, of Rushville, are here visiting relatives and friends, and also taking in the sights at the Shelby county fair.

Among the out-of-town guests at the Hartley-Reeves wedding at Columbus Thursday evening, the Republican of that city names the following: William Wilson, Miss Gertrude McBride, and Mr. and Mrs. Carroll Williams, of Knightstown; Miss Betsy McBride, Mr. and Mrs. William Kirkpatrick, Mr. and Mrs. John Kirkpatrick and Mr. and Mrs. Samuel Newhouse, of Rushville.

Mrs. W. J. Hitt, of West Third street is ill, the result of drinking well water containing croton oil at the Connersville fair. Others here say that croton oil was placed in the well water on the Connersville grounds and the Connersville papers announce that tacks thrown into the wells on the fair grounds put the pumps out of business, and forced the people to buy of the stands. The Connersville authorities are endeavoring to locate the guilty parties.

Providing that enough funds can be raised to defray the expenses the Rushville Concert Band will give an open air concert on the corner of Main and Second streets every other Thursday night, beginning Thursday, September 13th, and continuing until late in October. The band will rehearse Thursday night in preparation for the first concert. Requests have come in for concerts and favorite pieces and Director Allen will probably give a program on the first night made up entirely of pieces requested.

CHURCH NEWS
